

CrossOver Preview

STATISTICS & DATA

With the release of CrossOver Android Preview in August, we've gathered some interesting data.

This is Photoshop

CS6 running on @CodeWeavers CrossOver Android. I didn't think it was going to work :0

The future is so cool. Thank you @CodeWeavers@google@googlechrome@steam_games

hey @CodeWeavers this is fun, lol

197 Support Tickets

"For anyone that's curious, I managed to get the demos for Torchlight, World of Goo, Braid, and Trine running pretty painlessly."

Sweet.
Just That.
Sweet.

@CodeWeavers Cats and Dogs living together MASS HYSTERIA #Windows #apps come to #Android

30

CrossOver Android bug fixes since the August 16, 2016 release.

The First Few Weeks of The Preview
